## PLAY THE 'TRUMPS GAME' AND WIN CARDS!

### RULES:

The game can be played with 2 or more people.

1. Each person chooses a BIG-BALL Rugby Trading Card from their Collection and holds it in their hand with the picture facing outwards.
2. The person whose turn it is chooses a Player category and calls out the name of the Player and his number for that category. Each person, starting on the left of the person whose turn it is calls out the same information from their chosen Player card.
3. The person who has the Player card with the highest number for the chosen category, wins the other people's Player cards.
4. If 2 or more people have a winning Player card then everyone keeps their Player cards, chooses a new one from their Collection and there is a replay with the same person starting.
5. The person who won then starts again with everyone choosing a new card from their Collection to play with.
6. The Player categories that can be used are Height, Weight, Union games and SA Games.
7. Have fun!
